

Subscriber profile: Marlene Lowden

I am an abstract painter and I work in oil, acrylic and watercolour.

I challenge myself to elicit questions and emotions through the use of strong colour, unusual shapes, and diverse mark making.

I live and work on the Sunshine Coast and I'm heavily influenced by the rainforest in my backyard and the ocean at my footsteps.

Currently, I am working on an homage series in celebration of Canadian women artists.

I love to share what I've learned, therefore I host retreats abroad and workshops locally.

It is an honour to have my work in private collections in Canada and the United States.
